WINNECONNE COMMUNITY SCHOOL DISTRICT

*Learning Today...
Leading Tomorrow*

Learning Today... Leading Tomorrow

You'll feel WELCOME in Winneconne

Welcome to the Winneconne Community School District where families find teachers and principals who take the time to understand the individual needs of students. Educators work hard to recognize students for their accomplishments. Our mission is to provide individualized instruction that leads each student to reach his or her potential. Yes, we can do that in our small school setting!

COMMUNITY Support is Evident Here

Winneconne, Winchester, and the surrounding areas are great places to live, play, and raise kids. The recreational opportunities provided by the Wolf River are key features of the area. Residents show pride in their community and schools – from the Career Fair held each year with local businesses, to the generous financial support provided by community members through a recent referendum and donations of many kinds. Winneconne Community School District is a strong and proud partner in the community.

Students ACHIEVE in Winneconne

Recognizing that students have varied talents, strengths, and interests, Winneconne strives to provide well-rounded opportunities for all students.

- Student learning objectives focused on literacy for all
- ACT scores of 2013 graduates topped the region at 23.2
- 2013 High School Football Division 4 Champions
- College and career preparation through:
 - Advanced Placement (AP) classes
 - Cooperative Academic Preparation Classes in partnership with UW-Oshkosh and Lakeland University
 - Advanced standing coursework partnerships with Fox Valley Technical College
- Igniting interest in engineering, math, and science with:
 - Technology infused into the fabric of the classroom
 - Middle School Gateway to Technology programs
 - High School Project Lead the Way

INDIVIDUALIZED Approach

A cookie-cutter approach to education doesn't work in today's complex world. Parents can expect that their children will benefit from our commitment to leading students toward achieving their individual potential as we teach positive life, work, and social skills.

To assure students gain in their skills, every elementary school child wins during *WIN (What I Need) Time*. Winneconne Middle/High School offer students *Focus Time*. Both *WIN Time* and *Focus Time* are built into the school day for students to receive access to important academic and enrichment resources to support their learning.

OPPORTUNITIES Abound

As students transition into middle school, the curriculum reinforces the core areas and expands to a variety of exploratory courses – health education, Spanish, computer application, Gateway to Technology, careers, problem solving, and more! Middle school students experience new courses to help them decide on their career path. The middle school also has a no-cut policy when it comes to extracurricular opportunities – everyone is welcome and everyone plays.

At the high school level, we strive to help students be prepared for their next arena, whether that is college, technical school, military service, or employment. There are numerous opportunities for students to work toward career options while still in high school.
